PROJECTS

The burger place

<https://knuth.griffith.ie/~s3028101/theburgerplace/>

- HTML, SASS, JavaScript, PHP, MySQL
- Created a responsive full website for a restaurant. Used PHP and MySQL to fill content from back end.

Bankist

<https://gabrielamcarvalho.github.io/Bankist/>

- HTML, CSS, JavaScript
- Built a simulation of bank web application using modern JavaScript with Arrays and Functions. In it, the user can log in, transfer money, get a loan, deposit or withdraw money.

Mapty

<https://gabrielamcarvalho.github.io/Mapty/>

- HTML, CSS, JavaScript
- Built a web application using modern JavaScript OOP to track running and cycling in your location. The data will be stored in local storage.

LANGUAGES

- English
- Portuguese
